What Is Going On Tonight.
American Benefit Society, Willimantic Lodge, No. 120, meets at 7:30 Main street.
United Order of Golden Cross, Willimantic Commandery, No. 256, meets at 7:30 Main street.
Windham Encampment, No. 14, I. O. O. F., holds inter-encampment meeting at town building.

The mail to residents of this city on Tuesday morning contained the announcement from the Rockville-Willimantic Lighting Company to the effect that "Effective from the date of the first reading of each gas customer's meter subsequent to June 25, 1920, the company will institute a service bill charge of 65 cents per meter a month. Gas consumed will be charged at the present rate of \$1.60 per thousand cubic feet. Customers using the pre-payment meter, familiarly known as the quarter meter, will continue to drop such coins in the meter slot and the collector when he calls will collect 65 cents additional from the customer. In the case of a bill made out for the ordinary meter a charge of 65 cents for each meter will be added.

During the morning hours little was heard from the public upon whom the additional cost falls, but as the amount of the rates dawned upon them a wave of protest was heard from business men and the public in general. Many local houses simply have meters and gas in their places of business for protection when the electricity is off, and this happens far too often. These people did not object to paying 25 cents per month for the meter and an added amount if gas was used totalling over that amount. Now to this them bar, as they must pay 65 cents per month for the meter plus a sum for the amount of gas used, the 65 cents covering none of the gas expense. In explaining the company's reason for this additional rate, an official stated:

The costs of labor and materials necessary for carrying on the business of the company had increased in proportion to those in other lines of business and the company could not continue to give adequate service under the prevailing prices for use of gas. The company feels that it has given careful consideration to the price fixing having reviewed situations in other towns; the country and the matter of gas rates has been discussed and passed upon by the public utilities commissions of various states. The service charge, it is said, is made not only for the purpose of increasing revenue for the company but so that each customer might pay his proportion of the actual fixed cost of having gas ready for use at any time, whether or not it is used. The fixed cost is separate entirely from the cost of manufacture of gas, and covers interest, taxes, customers' service, keeping the system open, reading of meters, billing, and other necessary overhead expense. These new rates will not go into effect until the readings dating from July 13 are in. People having pre-payment meters can change them for ordinary meters under the usual plan.

The inter-city free swimming campaign being conducted by the Y. M. C. A. promises to be a success this summer, as twenty-five boys and a like number of girls attended the first sessions of the class held at the association building on Monday and Tuesday of this week. Physical Director C. A. Sampson is supervising these lessons and the youngsters will be given a chance to learn how to swim during the two weeks of the campaign, or at least will be given an opportunity to learn at a place where safety is assured.

Announcement has been made by Mr. and Mrs. Frank Spellman of Somers of the engagement of their daughter, Pauline, to Russell W. Potter of this city.

Miss Myrtle Jordan of this city has

received the appointment of instructor in the department of hygiene and physical education at Smith college, and will take up her work the coming semester. Miss Jordan is a graduate of the department of hygiene, Wellesley college.

Colonel and Mrs. John B. Welch will arrive in this city (Wednesday) afternoon and a reception is to be given in their honor at Natchaug school from 4 to 6 o'clock.

Miss Nancy M. Schoonmaker, consulting director of citizenship of four New England states and Mrs. Florence L. Kitchell, of the Connecticut Woman Suffrage Association, are to have charge of the program, arrangements for two county institutes scheduled for Monday and Tuesday of this week.

Miss Josephine Gordon of 258 Lewis-ton avenue arrived home recently, having completed one year at Simmons college, Boston, where she is a student in the school of household economics.

Mrs. Philomena M. Boucher died Tuesday morning at her home, 23 Mill street after a long illness. Mrs. Boucher was born in St. Antoine, Canada, March 5, 1841, the daughter of Francis Xavier and Marie Croten Marchand. She was married to Mr. Joseph Boucher of Alphonse and Eugene Boucher, of Willimantic.

Napoleon Depathie, 69, died Tuesday morning at his home at 17 High street. He was born in Beloeil, Canada, Aug. 25, 1850, the son of Joseph and Julie Dubois Depathie. Surviving him is his wife, Mrs. Angeline Denis Depathie, all four sons, Ernest, of Chicopee, Mass., Henry in the U. S. army stationed at Camp Dix, N. J., Adelard and George Depathie of this city; two daughters, Mrs. Jacob Kline of Hebronville, R. I., and Mrs. Michael Marzola of Willimantic.

The funeral of Mrs. Mary F. Frink was held Tuesday afternoon from her home in Andover at 1 o'clock. Services were conducted by Rev. H. B. Goodsell who also read a committal service at the grave in the Columbia cemetery. The arrangements were by Funeral Director Jay M. Shepard.

The body of George S. Unis, proprietor of a sporting goods house in Brooklyn, N. Y., who died Sunday at a private hospital in this city, was taken to his home Monday where services were held Tuesday. Burial was in Evergreen cemetery. Mr. Unis was born in Beirut, Syria, Sept. 20, 1875, the son of Solomon and Anastasia Risk Unis. He was married and five children, a daughter, Mrs. Ernest E. Peppin of Central Falls, R. I., and Mrs. Pierre Moreau of Pawtucket, R. I. There are 12 grandchildren.

Two cases will occupy the attention of the police court, this (Wednesday) morning. The first case is one of intoxication, the man taken in being in no condition to answer any questions as to his age before being put in the cooler to spend the night. He was taken up by the chief Tuesday afternoon and a bottle of Jamaica ginger with half the contents missing indicated the cause of his condition, the effect of the Jake being more than evident.

The second case is one of assault and battery, the victim being a woman notified Tuesday that she must account for her behavior.

The reunion of old Natchaugers of 1872-84, who graduated when Colonel John H. Welch was principal of the old Natchaug grammar school, is to be held this (Wednesday) evening at 7 o'clock at the Congregational church house. The committee have been assured that many graduates of that period will be on hand to make things lively in honor of Colonel and Mrs. Welch who will pay Willimantic a visit after many years' absence.

STAFFORD
Mrs. E. H. Swift of Longmeadow has been the guest of Miss Mabel Colburn.

Grace Todd, spent the week-end at the home of Mr. and Mrs. Asa Harris, Mr. Todd preached at the Baptist church on Sunday morning and evening. All enjoyed two excellent sermons, and his daughter's singing.

Mrs. Eva Huggins is spending a week with her nephew and his family at Ashford.

The funeral of Mrs. Julia Johnson was held at 2 o'clock Saturday afternoon, at her home. Rev. C. H. Puffer officiated. Burial was at the Stafford Springs cemetery.

Mrs. and Mrs. Hugh Jenkins celebrated the twenty-fifth anniversary of their marriage June 13th. A very pleasant evening was spent.

Mrs. George Latham is receiving treatment at the Hartford hospital.

COLCHESTER
John Driscoll returned Monday to Norwich after a few days' visit with his parents, Mr. and Mrs. Michael Driscoll.

Lucius H. Chapman and party motored to Modus Monday.

Rev. H. D. Remington was a visitor in Armon Monday.

Don't forget the dance at Grange hall, June 25th—adv.

A. E. Kellogg of New Britain was calling on friends in town Monday.

The band held a rehearsal in the parlor of the engine house Monday evening.

William E. Adams of Westchester was in town Monday evening, to see the lights which were burned out. Mr. Adams succeeds Asa B. Taylor, who has had charge of the electric light company's business in town for the past three years and who has given the best of satisfaction in handling the lights since the company started.

Mrs. Sarah J. Bingham and Mrs. Henry

"Right! Let Her Come!"

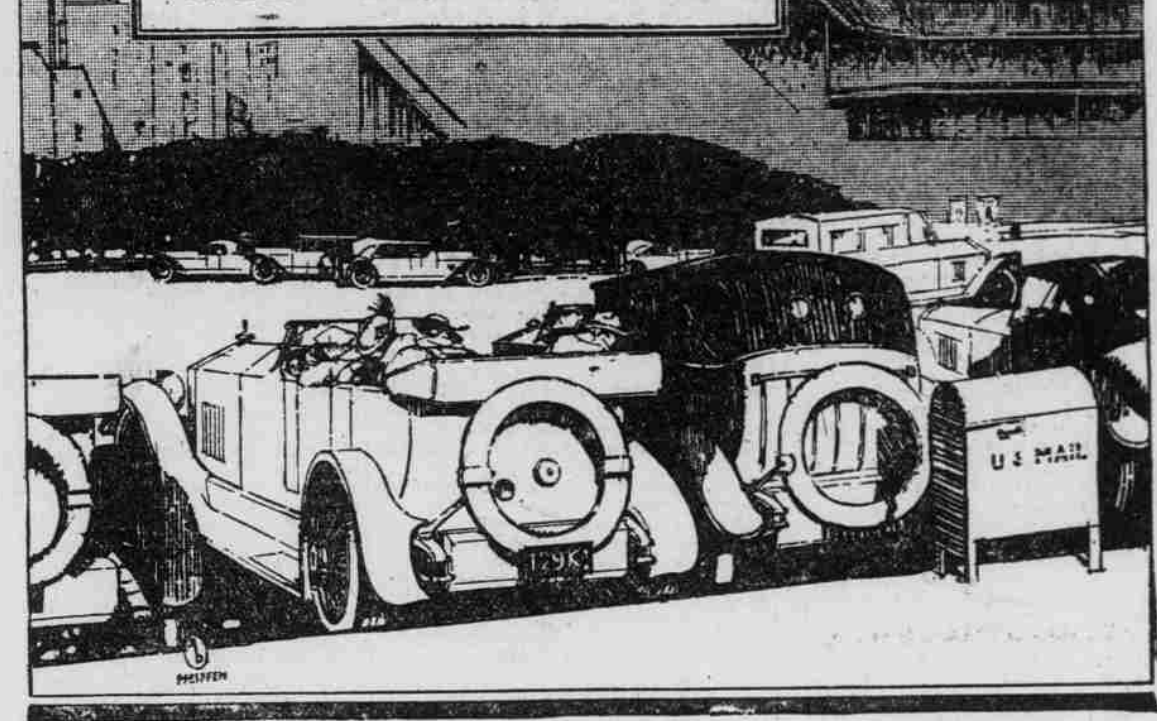

It gives real satisfaction to park a car smoothly, without having the engine stall as you creep forward and back, fitting her into narrow quarters.

Polarine makes this easy. It assures both power and control. This standard oil for all motors locks the explosive force of the fuel in the cylinders till it has done its work. This enables you to maneuver with ease and accuracy.

Polarine

gives you a responsive, spry, powerful motor that runs smoothly and with little vibration. Using Polarine you'll have fewer fouled spark plugs or other carbon troubles. For transmissions and differentials use Polarine Gear Oil. Sold wherever you see the red, white and blue Secony Sign.

STANDARD OIL CO. OF NEW YORK
New York Albany Buffalo Boston

for her fray with Rose Calise, that took place Monday.

The White Eagle Polish American band will give a free concert at Lincoln square Thursday evening. Many local people turned out Monday evening to hear the concert, but the band failed to put in appearance per schedule.

Threatening weather conditions and a heavy rain, which fell on Monday evening of last week, when the band and their audience were caught in a downpour, caused the men to postpone the concert until the date named.

Odd fellows were busy Tuesday night decorating the town hall in preparation for the Inter-Encampment meeting to be held in this city today (Wednesday).

ANNOUNCEMENTS

Hoyt's Revue at the Davis This Week
Hoyt's Revue that popular musical organization well known in these parts is scoring a big hit at the Davis having packed the theatre both Monday and Tuesday. Today they offer an entire change of program for Wednesday and Thursday entitled Wina, Whomen and Song. This is one of the best shows of their repertoire and full of comedy, singing and dancing not forgetting new scenery and pretty girls in new costumes don't fail to see the change. The feature picture is "Constance Dansey" in "The Stolen Kiss."

She danced her way into the hearts of the people—a little slip of a girl who a few short years ago was totally unknown, but who now ranks with the greatest screen and stage luminaries. "The Stolen Kiss" is a whimsical story by Lucille Van Slyke. Miss Binney shows a little of the marvelous dancing which started her on the road to fame.

"The Stolen Kiss" shows the debutante star in a dual role. She is seen both as a little girl brought up in almost cloister-like seclusion and as her bedridden mother.

Felicia, the little girl undergoes a series of pathetic, yet whimsical, adventures before she finds love and happiness. The scenes in which she regains possession of her Brooklyn home and the manner in which she fills it with all sorts of potential delicacies, are replete with soul-stirring vividness. Those who are interested in modern pictures and modern photography are promised some remarkable double exposures.

Breed Theatre

A story from every day life, and at times, but prevented from being sordid by the strength of character of a girl who started with almost nothing and achieved the desire of every woman's heart, will be shown at the Breed theatre today and Thursday in the presentation of "The Girl Who Chose." The photoplay is a Universal production directed by Philip Rosen. Its pathos is relieved by the sweetness of its romance. Mr. Rosen selected an excellent cast for his picture and the result is a film drama of exceptional merit.

Anne Cornwall, a new Universal star, has the part of a little girl who refuses to be dragged down by her environment. She leaves her family, a prostitute lot, and obtains employment in a millinery factory. Her improvement and advancement is rapid and, as years pass, her young employer learns to love her. But her worthless brother appears and tries to ruin all for his own selfish ends.

William ussell will also be seen in a romantic love song of the plains, "Shed With Fire." This is a big pulsing story of the west and is a big star in a big picture. A Bray Photograph will complete the bill.

90,000 POLES STARVING

AS RICH FIELDS LIE IDLE
Because of the lack of men and the dearth of farming implements less than 40 per cent of the rich district containing 90,000 people around Augustow, in eastern Poland, has been under cultivation since 1914.

This typical district constitutes a forcible example of why Poland is starving.

As the men were swept away by the war that devastated the richest farming districts of all Poland, so the invading armies carried off farming implements and requisitioned livestock. The few crude implements that were scraped together after each army passed have been discarded with the going of the Bolsheviks. A few hardy old men who still tilled their fields find no sale for the crops, for the border country is flooded with the counterfeit money issued by the Reds, and even if the money were good the shops are stripped and there is nothing to buy.

Upon a land in this condition disease has taken hold. Every town that comes from waste and neglect, and disease is the first thing to be fought by the American Red Cross, which has sent a field force of 8,000, 300 cases of typhus and thirty cases of smallpox. The principal part of the population is Jewish.

In the orphanage the Americans found the most miserable conditions. Not large enough to hold as many as are crowded in it, twenty-four boys and thirty girls were sleeping in rows on the floor. There were no bunks, no bed linen and the clothing they wore was filthy, for they had no change. Disease was spreading rapidly among them.

Two delousing and two disinfecting machines were brought in and several buildings were taken over as emergency hospitals and equipped with twenty-five beds each. In the villages of Raskol, Ljaskol and Koposkole, in the same district, two larger hospitals will be established immediately, as well as a contagion hospital—Cleveland News.

Chinese Fruits.
Some of the Chinese fruits, cunningly coated and lovingly cherished through many centuries, are said by experts to be delicious. There is an orange grown in China that is reported to surpass in sweetness and delicacy any of the oranges to which the west is accustomed, and it may be grown in places where the temperature falls 20 deg. below the freezing point. This is as a peach unlike anything to which the west is accustomed, and a winter muskmelon that will appeal irresistibly to the American palate. This melon is at its best in December and January.

There are many other good things in China to which the United States will doubtless be introduced in time. Of some of the choice Chinese dishes, such as bird's nest soup and the like, there have been abundant descriptions, but there are better things in reserve. The fruits are described as surpassing those of any other country.

What Is Nuxated Iron?

Physician Explains—Says Public Ought To Know What They Are Taking—Practical Advice on What To Do To Build Up Your Strength, Power and Endurance and Increase the Red Blood Corpuscles.

The fact that Nuxated Iron is today being used by over three million people annually and that so many physicians are prescribing it as a tonic, is a strong evidence that it is a most valuable blood builder in weak, nervous, run-down conditions has led to an investigation of its merits by disinterested physicians. The results of this investigation are set forth in the following statement of a prominent physician of New York City, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and Westchester County Hospital, who says: "When one patient after another began asking my opinion of Nuxated Iron, I resolved to go thoroughly into the subject and find out for myself whether or not it possessed the real value claimed by its manufacturers and attested to by so many prominent people. This is exactly what I believe every honest, conscientious physician should do before prescribing or lending his endorsement to any product whatsoever. If an article is worthless we practitioners ought to be the first to know it, and if it is of value we are in duty bound to recommend it for the welfare of our patients. A study of the composition of the Nuxated Iron formula so impressed me with the therapeutic efficacy of the product that I immediately tested it on a number of obstinate cases. So quickly did it increase the strength, energy and endurance of the patients to whom it was administered, I became fully convinced of its remarkable value as a tonic and blood builder. I have since taken it myself with excellent results. There are thousands of delicate, nervous, run-down folks who need just such a preparation as this but do not know what to take. Therefore I have suggested that you read this complete formula of what they are taking. This complete formula is now to be found in newspapers throughout the country. It is composed principally of organic iron in the form of iron peptonate, a special specific standard and glycerophosphates which is one of the most costly tonic ingredients known. To the credit of the manufacturers it may be said that they use the most expensive form of iron peptonate, whereas by employing other makers they could have put the same quantity of actual iron in the tablets at less than one-fourth the cost and by using metallic iron could have reduced the cost to less than one-twelfth. By thus cheapening the product they would undoubtedly have impaired its therapeutic efficacy. In my opinion a careful examination of this formula by any physician or pharmacist should convince him that Nuxated Iron is to be placed among the very highest class and most strictly ethical preparations known to medical science. It exceeds anything I have ever used for building up the system and increasing the red blood corpuscles thereby enriching and fortifying the blood against the ravages of disease."

Bulletin's Pattern Service

3247

A CHARMING GOWN.
Pattern 3247 is shown in this illustration. It is cut in seven sizes: 24, 26, 28, 30, 32, 34 and 36 inches, bust measure. A 28-inch size will require 4 3/4 yards of 36-inch material for the dress and 1 1/4 yards for the jumper or overblouse. The width of the skirt at lower edge is 13 1/2 yards.

As here portrayed, handkerchief linen was used, embroidered in blue. The giraffe is of blue linen cord. Crochet buttons trim the jumper. This design is good for raiting, epaule, wash silk, chambray, voile, gingham, taffeta and crepe.

A pattern of the illustration mailed to any address on receipt of 10 cents in silver or stamp.

Order through The Bulletin Company, Pattern Dept., Norwich, Conn.
